### DETAILED ACTION

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-31, 33,34 and 37-45 are rejected under 35 U.S.C. 102(b) as being anticipated by Akehurst et al.

Akehurst et al. (USP 5,674,471) disclose all features claimed. The specific propellant, surfactant and medicament are all identically disclosed. The method claimed is nominal and inherent to the disclosure of the cited art.
